

emitting holders and to said walls of said bag in said main compartment for removably fastening said light-emitting holders to said bag.

27. (Added) A lighted and content-organizing carrying case as described in claim 26, wherein each of said light-emitting holders includes a plurality of holes being spaced apart and along a length of and disposed through said side wall thereof, each of said holes being adapted to receive a respective light-emitting member which is extended through said hole.

28. (Added) A lighted and content-organizing carrying case as described in claim 24, wherein said fastener for closing said opening into said main compartment includes a draw string disposed about an exterior of one of said walls of said bag near said opening and being adapted to cinch closed said opening.

CONCLUSION

In light of the foregoing amendments and remarks, early reconsideration and allowance of this application are most courteously solicited.

Respectfully submitted,
